Dear Mr. Thompson:

This refers to the amendment request dated January 11, 2021 for NRC License No. 24-24576-01.

In order to amend your license per the request, please provide a confirmation for the following. If there has been a change in the following, provide a description of the change.

1. There have been no changes to the licensed material and uses since the issuance of the last license amendment.
2. There have been no changes to the equipment and facility where the equipment located since the issuance of the last license amendment.
3. There have been no changes to the users listed in the last license amendment.
4. The licensee has been in compliance with the NRC regulations and the conditions of the license and will ensure that it will continue to conduct its program in accordance with the statements, representations, and procedures listed in the tie-down condition (License Condition 24) in the last license amendment.

To continue review of your application, we request that you submit your response with date and authorized signature to this correspondence by March 25, 2021. In your response, please refer the license number, docket number and Mail Control No. 624255. We will assume that you do not wish to further pursue this licensing action if we do not receive a reply within the specified timeframe noted above.

If you have questions, require additional time to respond, or require clarification on any of the information stated above, please contact me at 630-829-9623 or reply to this email.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Rules of Practice," a copy of this correspondence will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

Best regards,
