Subject: Link to Centrus License Amendment Request

Hello Vina,

Please use these links [ML20139A100](#), [ML20139A098](#), [ML20139A097](#) to access the application currently under review. Both a safety Evaluation Report and an Environmental Assessment are being completed for this request. When finalized they will be publicly available, because I added you to our email Listserve you should automatically receive notification of the documents issuance. Please feel free to reach out using the number below or respond to this email.

Kind regards,

Jean Trefethen
