Victoria,

We do not need anything from the industry. Simply going through agency's internal processes. I have informed executives about the importance of timely disposition of this issue. I'll remind them.

Hi Sunil,

Following up on this. What are the next steps, and is there anything you need from industry to support this?

Thanks

-Victoria

Victoria,

Happy new year!

Yes. Now that R3 is out we must get moving on this and the other associated product (Office Instruction that would instruct staff how to disposition NDM reports) with high priority. I'll work with Vic Cusumano to prepare a schedule for these and share with industry. Should be able to do so (share our plan) by early (not next week) but the week after.

Subject: [External_Sender] TS Admin section on PRA for TSTF-505

Sunil and Vic,

Now that RG 1.200 R3 is out, can we move forward with the new tech spec admin section for PRA for TSTF-505? What is the best way to go about this?

Thanks,
-Victoria
