Subject: [External_Sender] McGuire Emergency Plan Submittal

John,

I wanted to follow up on our conversation the other day regarding the McGuire Nuclear Station (MNS) emergency plan submittal (Duke serial number RA-21-0105) which was submitted on the 30th of March. This is a standard submittal in which Duke has reviewed the revisions to the Emergency Plan in accordance with 10 CFR 50.54(q) and verified that there are no impacts to the effectiveness of the MNS Emergency Plan due to these changes. Thus, there are no downstream review and approval actions requested on your part.

Thank you,

Chet A. Sigmon, P.E.
