E-MAIL ADDRESS	TELEPHONE NUMBER (586) 722-5100	
ORGANIZATION	DOCKET NUMBER(S) 040-38362	
LICENSE NAME AND NUMBER(S) DCS Corporation, SUB-1603	MAIL CONTROL NUMBER(S) NA	
SUBJECT To conduct remote initial inspection		
<p>SUMMARY AND ACTION REQUIRED (IF ANY) On March 31, 2021, I contacted Mr. Master to inquire if DCS had received any material authorized on their NRC license or performed any principal activity to conduct the initial inspection. Mr. Master mentioned that they had not received any licensed materials and had not performed any principal activity since our last contact on May 26, 2020. On May 26, 2020, NRC contacted the licensee and the licensee confirmed that they had not received any material authorized under their license and the next initial inspection date was adjusted to May 26, 2021 base on deviation memo.</p> <p>Since the licensee had not performed any principal activity or received any authorized materials, the next initial inspection due date will be changed to March 31, 2022</p> <p>I also reminded Mr. Master that license condition number 13 requires that DCS notify the NRC at least 30 days prior to receiving licensed material.</p>
