**Date:** Friday, April 9, 2021 3:24:00 PM

---

Good afternoon Mr. Huberts and Ms. Grove,

I reviewed your response dated 3/29/21. There is just one question regarding the RSO qualifications. If Ms. Grove is to be retained as the RSO, I will need additional documentation/letter that Ms. Grove received **training in the radiation safety, regulatory issues, and emergency procedures for the** use of 10 CFR 35.600 material in accordance with 10 CFR 35.57(a) for an experienced RSO (unless Ms. Grove is already listed as the RSO for 10 CFR 35.600 material on another NRC/Agreement State license).

Please let me know if you have any questions.

Have a wonderful weekend!

Thank you

Magdalena Gryglak  
U.S. NRC Region III
