Meeting Slides from the April 13, 2021 Public Meeting between  
SHINE Medical Technologies, LLC and the NRC

A meeting was held on April 13, 2021 between SHINE Medical Technologies, LLC (SHINE) and the NRC staff (Reference 1) to discuss the SHINE phased approach to initial facility operations and a request to amend the SHINE construction permit to include authorization for the receipt and possession of certain radioactive material in connection with construction of the facility.

Enclosure 1 provides the non-public version of the SHINE meeting slides for the discussion regarding the SHINE phased approach to initial facility operations. Enclosure 1 contains security-related information which was identified utilizing the guidance contained in Regulatory Issue Summary (RIS) 2005-31. SHINE requests the NRC withhold Enclosure 1 from public disclosure under 10 CFR 2.390.

Enclosure 2 provides the public version of the SHINE meeting slides for the discussion regarding the SHINE phased approach to initial facility operations.

Enclosure 3 provides the non-public version of the SHINE meeting slides for the discussion regarding a request to amend the SHINE construction permit to include authorization for the receipt and possession of certain radioactive material in connection with construction of the facility. Enclosure 3 contains security-related information which was identified utilizing the guidance contained in Regulatory Issue Summary (RIS) 2005-31. SHINE requests the NRC withhold Enclosure 3 from public disclosure under 10 CFR 2.390.

Enclosure 4 provides the public version of the SHINE meeting slides for the discussion regarding a request to amend the SHINE construction permit to include authorization for the receipt and possession of certain radioactive material in connection with construction of the facility.

<p>Enclosures 1 and 3 contain security related information. Withhold from public disclosure under 10 CFR 2.390. Upon removal of Enclosures 1 and 3, this letter is uncontrolled.</p>
