Hi Mr. Akomolede,

NRC has not received a written response to the letter with NOV that was issued on September, 24, 2020. We did received your immediate corrective action and got your license amended to reflect the current RSO. In the absence of a written response we don't have long-term corrective actions. You are required to respond to the above dated letter and should follow the instructions specified in the Notice when preparing your response. If you have any questions, please feel free to contact me at 310-926-2176.

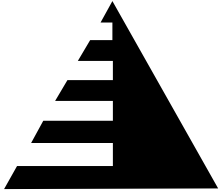

Thanks
