SUMMARY AND ACTION REQUIRED (IF ANY) On May 17, 2021, Mr. Guy contacted me after I had left a voicemail with him on May 14, 2021. The purpose of the call was to discuss the status of the licensee's initial principal activities. Mr. Guy stated that they had bid on a government contract that would involve receiving licensed material, but the licensee is still awaiting a decision on whether their bid was selected. As such, the licensee has not yet received licensed material nor started principal activities. Mr. Guy intends to contact the NRC no later than 30 days after receipt of licensed material as documented in their letter dated August 5, 2020. I notified the MIB branch chief of the information discussed on this call.
