Re: **NRC License Information Update**
License number: 21-32321-01
Docket No. 030-35736
Amendment No. 01

Dear Mr. Orlikowski:

Haengel & Associates Engineering, Inc. (HAE) is a consulting engineering firm offering a multi-disciplined package of professional services in planning, surveying, facility design, geotechnical engineering, construction services, environmental engineering, structural engineering, program management and design-build for renovation, additions, and new construction projects. The management of Haengel & Associates Engineering, Inc. (HAE) is committed to making sure that radioactive materials are used by authorized individuals in a safe manner and all materials are kept under full protection at all times.

This letter is intended to update our license information by officially reporting that we will like to amend our existing license to add two nuclear gauges, one a Model **C-300** and the other a Model **C-200**, Seaman Nuclear Gauges. Please, see attached picture.

HAE is committed to returning the nuclear gauges to our permanent storage facility at the end of each day and making sure that radioactive materials are used by authorized individuals in a safe manner. When not being used, the gauges shall be stored in a cabinet which is located on the west wall of the building in the concrete laboratory area. The storage cabinet has a lockable door and no outside access.

Haengel & Associates Engineering, Incorporated hopes this information is sufficient for your present needs. If you have any questions or need additional information feel free to contact me at 734 - 455-9771 or at my cell phone number 734-323-9546.

Respectfully,
