46 Comments were screened out because they did not meet Commission-approved Criteria 1-4, or did meet Criterion 5 (Section II of Enclosure 1 to SECY-21-0056)

# Q&A

**Identify effective and efficient options to address the rulemaking needs through the application of:**

- **Rulemaking decision guidance tool and rulemaking approach tool**
- **“Be risk SMART” decision-making framework**
- **Process Simplification Transformation Initiative**

## Next Steps

## Factors to consider in determining an appropriate rulemaking approach:

- **OMB review of information collection clearance packages**
- **Agreement States involvement in the rulemaking process**
- **Complexity of the revisions**
- **Priority and tangible progress**

The staff will also consider feedback from today's meeting in developing a rulemaking strategy.

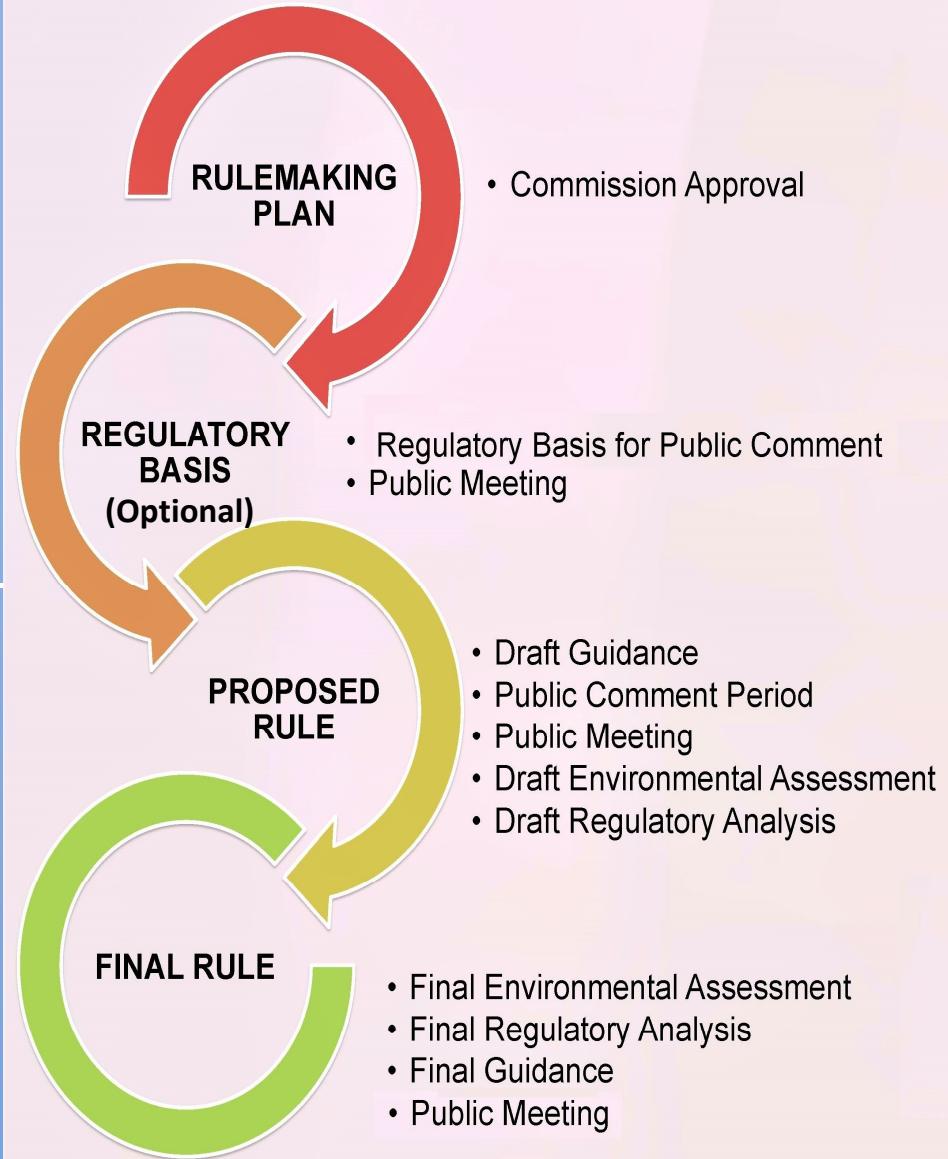

## ROAR Rulemaking Plan(s) (Late 2021)

## FEDERAL REGISTER

The Daily Journal of the United States Government

**If the Commission approves the rulemaking plan(s), the NRC will conduct further stakeholder engagement during the rulemaking process.**

**The NRC is interested in hearing your thoughts on the following topics:**

- **How RROAR has applied the “Be riskSMART” decision-making framework to the evaluation process?**
- **What does industry see as ways for more timely and efficient regulatory burden relief?**
- **What are the appropriate means to communicate project status with the industry?**
