Provisional Acceptance Certificate

Concast Reference Number C.4195.404

This Provisional Acceptance Certificate (PAC) hereby indicates that SMS group Concast America Division has satisfied all of the requirements as outlined in the Commercial and Technical Contracts between our two companies for erection and cold commissioning of the CONSAFE Mold Level Control System equipment supplied under this agreement.

It is hereby noted that the SMS group Concast America Division supplied equipment has successfully completed Full Integrated Testing (Cold Commissioning) to the complete satisfaction of SDI Steel of WV and is ready for the introduction of hot steel for the purpose of Hot Commissioning/Testing.

By signing this PAC I hereby acknowledge and accept this equipment for the purpose of Hot Commissioning.
