**SUBJECT: REVISED MILESTONES OF LICENSE AMENDMENT REQUEST FOR
BYPRODUCT MATERIALS LICENSE SUA-1475, UNITED NUCLEAR
CORPORATION CHURCH ROCK MILL SITE**

Dear Mr. Hauer:

The U.S. Nuclear Regulatory Commission (NRC) staff received General Electric's September 24, 2018 request to amend byproduct materials license SUA-1475 for the United Nuclear Corporation Church Rock Mill Site in Gallup, New Mexico (Agencywide Documents Access and Management System [ADAMS] Accession number ML18267A235).

This letter is to notify you that the NRC has received a request from the President of the Navajo Nation (ADAMS Accession No. ML21152A051) to extend the Draft Environmental Impact Statement (EIS) comment period through October 31, 2021¹. After considering this request, the NRC has decided to reopen the comment period to allow more time for members of the public to develop and submit their comments on the draft EIS. A notice was published in the *Federal Register* (86 FR 32285) that indicated the draft EIS comment period had been re-opened and was extended until October 31, 2021.

The revised projected milestones for completion of the project are listed below, with the remaining activities:

NRC Milestones	Projected Completion date
Final Environmental Impact Statement	May 2022
Complete Concurrence Process with Appropriate Federal and State Entities	May 2022
Revised Safety Evaluation Report	May 2022
Issue Amendment Decision	June 2022

¹ Since October 31, 2021 falls on a Saturday, the comment period will officially be open through November 1, 2021.

In accordance with Title 10 of the *Code of Federal Regulations* 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of the NRC's ADAMS. The ADAMS database is accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at 301-415-6103.

Sincerely,

Signed by Smith, James
