

Enclosure 1

Comments on Draft Safety Evaluation for AMS Topical Report Revision 1 and NRC Disposition

COMMENT NO.	PAGE NO.	LINE NO.	COMMENT TYPE	SUGGESTED REVISION	NRC DISPOSITION
1	5	33	Clarification	Change "...using a noise analysis..." to "...using the OLM-Noise Analysis..."	
2	6	10	Clarification	Change "...calibration or response." to "...calibration or response time."	
3	6	24	Clarification	Change "...applying OLM techniques." to "...applying OLM-Drift Monitoring techniques."	
4	6	25	Clarification	Change "...not detectable by OLM were..." to "...not detectable by OLM-Drift Monitoring were..."	
5	7	3	Clarification	Change "...OLM program would..." to "...OLM-Drift Monitoring program would..."	
6	7	6	Clarification	Change "...using the noise..." to "...using the OLM-Noise Analysis..."	
7	7	6	Clarification	Change "...in addition to monitoring for drift." to "...in addition to OLM-Drift Monitoring."	
8	7	11	Clarification	Change "The OLM processes..." to "The OLM-Drift Monitoring processes..."	
9	7	16	Clarification	Change "...OLM dynamic analysis techniques..." to "...OLM-Noise Analysis techniques..."	
10	7	18	Clarification	Change "These dynamic analysis techniques..." to "These OLM-Noise Analysis techniques..."	
11	7	33	Clarification	Change "...OLM TR program in Section 11.3..." to "...OLM-Noise Analysis technique in Section 11.3..."	
12	8	35	Correction	Change "Chapter 12..." to "Chapter 13..."	
13	8	48	Correction	Change "Chapter 12..." to "Chapter 13..."	
14	9	20	Correction	Change "...Chapter 12..." to "...Chapter 15..."	
15	15	33	Correction	Change the reference to the report that contains comparisons of manual and OLM results that are referred to in the TR and SE. NUREG/CR-6895 does not include the referenced information.
