NRC Docket No. 70-3103

Subject: UUSA Completion of Biennial CAAS Evacuation Drill

References: 1) UUSA Regulatory Relief Request E-Mail (ADAMS Accession No. ML20356A060)
2) Louisiana Energy Services – Amendment 88, Relief from Annual Evacuation Drill (ADAMS Accession No. ML20357B126)

In the Reference 2 letter, the U.S. Nuclear Regulatory Commission (NRC), granted Louisiana Energy Services, LLC ("LES"), dba URENCO USA ("UUSA"), relief from a license commitment to conduct an annual Criticality Accident Alarm System (CAAS) evacuation drill. The commitment to perform the calendar year 2020 annual evacuation drill for the criticality alarm was temporarily changed from annual to biennial.

Pursuant to the Reference 2 letter and in accordance with commitments in the Reference 1 submittal, UUSA hereby informs the NRC that the biennial CAAS evacuation drill required by Materials License SNM-2010, Amendment 89, Condition 34, was complete on June 22nd, 2021. Regulatory relief pertaining to the CAAS evacuation drill is no longer required and Materials License SNM-2010, Condition 34, may be removed.

If you have any questions concerning this submittal, please contact Wyatt Padgett, Licensing and Performance Assessment Manager, at 575.394.5257.

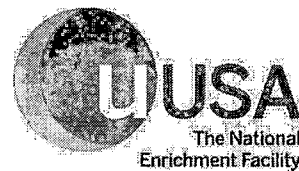

Respectfully,
