?Dr. Katanic,

I have checked with the managers and have the following information.

██████████ is contracted with MVH through the contract with his practice. His start date is not directly known because we have no contracts directly with him, however, the manager of radiology believed that it was with the start of his badging in January of 2017.

He works in the procedure room of radiology performing C-arm and fluoro procedures that include things like port placements.

He does not use any radiopharmaceuticals during his duties at MVH.

If you have any other questions, please don't hesitate to ask.

Thank you,
David Theel, DABR
Radiation Safety Officer

??Dr. Katanic,

Both ██████████ and ██████████, the NM Tech from EIRMC, have been sent the dose reports for ██████████ since he began badging with Mountain View Hospital. He does not have a badge at IF Community Hospital.

██████████

Date Range (1/1/2017) to (6/30/2021)

MVH Cumulative Dose?

[X][cid:2bf7180b-ee4a-4a23-a69c-fa8f68ff9c23]?

I will have to investigate the rest of the questions with the departmental managers. [REDACTED] is not an Authorized User for MVH/TCI, and to the best of my knowledge he only participates in fluoro and x-ray procedures, however, I will also confirm this with the managers.

Thank you,
David Theel, DABR
Radiation Safety Officer

Subject: [External Email] Question about physician

David,

In what capacity has [REDACTED] worked at Mountain View Hospital/TCI?

When did he commence working at Mountain View Hospital/TCI?

Is he a direct employee or does he work for an independent radiology provider? If so, which one?

Since commencing working at Mountain View Hospital/TCI, has [REDACTED] ever been involved with NRC-licensed activities under NRC license 11-35120-01 to include any of the activities authorized by 10 CFR 35.100, 200, 300, 400?

While working at Mountain View Hospital/TCI, has [REDACTED] ever been permitted to work as an authorized user in accordance with 10 CFR 35.13 and 10 CFR 35.14?

Regards,
Janine
