[DRAFT DCL-21-046.pdf](#)

Sam,

Attached is an advance copy (DRAFT) of the emergency LAR I expect we will be submitting by or before 1000 Pacific Time 7/7/2021. There is one item we are reviewing for verification prior to signing that is expected to be completed late-late tonight. No changes are expected. However, if there are any changes in the submitted document, I will highlight those in a separate email upon submittal of the official letter.

Please utilize this as informational for communication and preparation for the review, or communication/preview with staff as you see fit.

Thank you,
Michael Richardson
Licensing Supervisor
Diablo Canyon Power Plant
