---

Sam,

The changes in the letter vs. the advance draft copy include:

- On the TS markup and retype pages, the note was moved up in order to align 72 hours with the action (formatting clean up).
- On the TS bases page (and corresponding enclosure page), the word “note” was changed to “Note” for consistency with other parts of the TS bases.
- A hyphen was added to “72 hour” in the TS Bases markup page.
- Signature and date were applied to the cover letter.

Please let me know if you have any questions.

Thanks,  
Michael Richardson
