Dear Ms. Clark:

According to the Status of State Regulations, the Maryland Department of Environment has an outstanding comment for Regulation Amendment Tracking System Identification Number (RATS ID) 2011-1. This comment was addressed in Supplement 27 of the Code of Maryland Regulations 26.12.01.01 titled, "Regulations for the Control of Ionizing Radiation (1994)." The final regulations are identified by line-in/line-out text (or similar identification) and correspond to the following equivalent amendments to NRC's regulations which are enclosed.

<u>RATS ID</u>	<u>Title</u>	<u>State Section</u>
• 2011-1	Decommissioning Planning	Section C

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200 and resolves the denoted comment issue.

If you have any questions, contact Mary McCormick at 410-537-3000 or 800-633-6101, extension 3300.

Sincerely,

Eva Nair, Program Manager
Radiological Health Program
Air and Radiation Administration
