

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

August 5, 2021

SECRETARY

MEMORANDUM TO: Margaret M. Doane
Executive Director for Operations

FROM: Annette L. Vietti-Cook, Secretary

SUBJECT: STAFF REQUIREMENTS – SECY-18-0113 -
RECOMMENDATIONS FOR MODIFYING THE REACTOR
OVERSIGHT PROCESS ENGINEERING INSPECTION AND
SECY-19-0067 - RECOMMENDATIONS FOR ENHANCING THE
REACTOR OVERSIGHT PROCESS

The Commission has approved the staff's request to withdraw the subject SECY papers.

The staff requested to withdraw these papers because new information and additional staff activities are relevant and were not considered in developing the basis for several of the recommendations in the papers. The staff intends to reevaluate the basis for the previous recommendations and reengage internal and external stakeholders, including regional inspection staff, members of the public, and the nuclear industry, on these and any other proposed changes to the Reactor Oversight Process, as appropriate.

The staff should engage the Commission, as appropriate, with any new recommendations depending on the outcome of the updated staff evaluation.
