Yes, however since I am in the process of retiring, I won't be back at work until next Wednesday, August 25. I should be able to figure out where in your regs are the changes I made to our regs.

Hi Judy, before I accept this for review, could you please send a cross

reference for the other provisions (not associated with a RATS ID) that you want us to review?

Thanks,
Michelle

Ms Clark:

We updated the Louisiana state radiation regulations to remain equivalent with the NRC's regulations, specifically RATS IDs 2018-1 and 2020-2. Please see the accompanying attached cover letter, proposed rule, and compatibility chart documents. The proposed rule, RP069ft, is being published in the August 20, 2021 issue of the *Louisiana Register*.

This is a link to our Radiation Protection regulations:

This is a link to the August 2021 issue of the Louisiana Register, which contains the proposed rule on pages 1150-1165.
