Subject: Part 37 Requirements

Discussion: I spoke with Mr. Lee concerning the licensee's response to our Request for Additional Information dated July 15, 2021. I explained that there were no issues with the content but if their request to increase their possession limit to 24 Curies of Americium-241 were to be granted, then licensee would need to consider the security requirements in Part 37. Mr. Lee stated that it made sense to leave the total possession limit at 12 Curies. The licensee would only be receiving one gauge at a time over a period of time so the total amount of Americium-241 in a gauge may very well be significantly less than 4.8 Curies per gauge. Mr. Lee stated that he would review 10 CFR Part 37 and ask for information on Part 37 when the licensee started to receive the Profiler gauges.
