Limerick Generating Station (LGS), Units 1 and 2
Renewed Facility Operating License Nos. NPF-39 and NFP-85
Docket Nos. 50-352 & 50-353

Subject: Submittal of Initial License Training Examination Materials

Reference: NRC Letter "Limerick Generating Station Units 1 and 2 - Senior Reactor and Reactor Operator Initial License Examinations," dated September 24, 2020

Enclosed are the examination materials, which Limerick Generating Station is submitting in support of the initial license examination scheduled for the week of July 12, 2021 at Limerick Generating Station.

The submittal includes the Senior Reactor Operator and Reactor Operator Written Examinations, Job Performance Measures, and the Integrated Plant Operation Scenario Guides. These examination materials have been developed in accordance with NUREG-1021, "Operator Licensing Examination Standards for Power Reactors," Revision 11.

There are no regulatory commitments contained in this letter.

If you have any questions or need additional information, please contact Mr. Daniel Semeter at (610) 718-4040.

Respectfully,

A handwritten signature in black ink, appearing to read "Frank Sturniolo", written over a light blue horizontal line.
