Subject: [External_Sender] Comment related to Columbia Fuel Fabrication Facility

To whom it may concern,

As a former (retired) forty three year employee I can say that the Columbia facility works very hard to not only comply but exceed regulations and laws. I have personally seen that in action with the Malcolm Baldrige Award in the late eighties. That same level of quality continues to this day.

The Columbia facility is a significant benefit to the community employing over a thousand people.

I wholeheartedly support another forty years of excellence.

Henry H. Plowden III
