RE: Termination Request
NRC Account-WV/ US NRC License No. 45-35205-01

Mr./Ms. Regional Administrator,

As suggested in many previous requests to terminate our current NRC license, I [Mark A. Viola, RSO and owner of VEPC] will not be disposing of any radioactive material as suggested by the NRC 314; however, VEPC will continue operation in Virginia under our VDHOH license as stated. Any future use of portable gauges in West Virginia will be performed utilizing the NRC reciprocity process. All effort to terminate our current NRC license by the annual payment is appreciated.

Thank you.
