Subject: Update NRC Estimate of Review Hours for VEGP 3&4, LAR-21-001, "Clarification of ITAAC Regarding Invessel Components"

Amy,

By emails dated, August 30, and September 20, 2021, NRC provided an estimate of review hours for the subject LAR. Based on the number of staff assigned from various disciplines, the estimate is being updated. Our new estimate is 375 hours for completion of the review. If you would like to object or discuss this revised estimate, let me know and we will be happy to have a call. My goal is to both beat the "requested by" date and the hours estimate.

If you have any questions, please contact me.

Respectfully,

William (Billy) Gleaves
Senior Project Manager
NRR/Vogtle Project Office
US Nuclear Regulatory Commission
