October 29, 2021

Title: Presentation from SC Solutions on Identifying an Efficient Licensing Pathway for the Use

of Nonlinear Seismic Analysis

Date(s) and Time(s): November 16, 2021, 01:00 PM to 03:00 PM ET

Location: Webinar

Category: This is an Observation Meeting. This is a meeting in which attendees will have an

opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this

meeting.

Purpose: This public meeting will provide SC Solutions an opportunity to present to the NRC staff

information and examples on the potential use of inelastic/nonlinear seismic analysis in

licensing applications.

Richard.Rivera@nrc.gov

Participants: NRC

Office of Nuclear Reactor Regulation
Office of Nuclear Regulatory Research

Comments: Please contact Richard Rivera at Richard.Rivera@nrc.gov if you would like to participate

via teleconference or webinar, and he will provide you with the information to join the meeting. Please, submit your request to join no later than Monday, November 15, 2021

at 3:00 pm EST.

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please contact Anne Silk, NRC Reasonable Accommodations Coordinator, at Anne.Silk@nrc.gov or call directly at 301-287-0745. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. Ten (10) days' advance notice is requested to try to ensure availability; however, every effort will be made to address a request for reasonable accommodations with less notice.

PUBLIC MEETING AGENDA

Presentation from SC Solutions on Identifying an Efficient Licensing Pathway for the Use of Nonlinear Seismic Analysis

November 16, 2021, 01:00 PM to 03:00 PM ET

Webinar

Торіс	Speaker
NRC Introductory Remarks	NRC
ntroduction to nonlinear seismic analysis	SC Solutions
Examples of nonlinear seismic analysis in practice	SC Solutions
Potential reactor applications for nonlinear seismic analysis	SC Solutions
Open discussion with NRC staff	SC Solutions and NRC
Public Q&A Session	NRC
Closing Remarks	NRC
	NRC Introductory Remarks ntroduction to nonlinear seismic analysis Examples of nonlinear seismic analysis in practice Potential reactor applications for nonlinear seismic analysis Open discussion with NRC staff Public Q&A Session
