INSTRUCTIONS TO STUDENTS

ACCEPTANCE: Individuals listed in Enclosure 1 have been accepted for participation in the virtual offering of the Safety Aspects of Industrial Radiography (H-305) Course. This course is scheduled to be presented December 6-10, 2021, provided by instructors from Source Production and Equipment Company (SPEC).

COURSE: The course begins at 8:00 a.m. CDT on Monday, December 6th, and ends at approximately 12:00 p.m. CDT on Friday, December 10th.

All course materials will be provided electronically. Students will be notified by the Course Director when the course materials are available and given instructions on how to access them at that time.

Course lectures will be delivered by virtual meeting. Students will need a computer with a dependable internet connection (and preferably Chrome as your browser). Students will also need a speakerphone, a webcam, or a headset with a mic in order to hear and communicate with the instructors. Prior to the course, students will receive an email with a link to the virtual meeting conference.

Further instructions, including course schedule, will be provided via email to selected students.

Specific questions about the virtual course can be sent directly to the NRC's Course Manager, Carmen Dykes (Carmen.Dykes@nrc.gov).
