Note: Numbers may not add due to rounding.

¹ The FY 2021 Explanatory Statement identified this control point as the "Integrated University Program" and, consistent with previous fiscal years, included \$5.5M for Nuclear Science & Engineering Grant Program. Division Z of the Consolidated Appropriations Act, 2021 replaced the Integrated University Program with the University Nuclear Leadership Program. Consequently, for FY 2021, this control point consists of both Nuclear Science & Engineering Grant Program and the University Nuclear Leadership Program.

² Office of the Commission is part of the Corporate Support control point.

³ University Research and Development was part of the Integrated University Program control point in previous fiscal years.

⁴ The agency is operating under the Continuing Appropriations Act, 2022; therefore, the rate for operations is based on the FY 2021 total annualized rate (i.e., the FY 2021 enacted levels).

⁵ This is not part of the \$35,000K of carryover that was authorized for use by the FY 2021 Explanatory Statement.

⁶ Beginning prior year unobligated funds is an estimated balance. The balance will be updated in a future report once reconciled with year-end activities.
