Dr. Burris;

This is in reference to your letter dated October 18, 2021 requesting the termination of NRC License No. 08-30897-02. In order to continue our review we request that you submit the following additional information:

1. Your letter states the licensed materials were packaged by Chesapeake Radiation Consultants and transported to American Cardiovascular Imaging (MD License No. MD-33-195-01). Please describe how the materials were packaged and labelled for transportation.
2. Please submit copies of the shipping papers for the shipment to American Cardiovascular Imaging.
3. Please provide documentation of confirmation that American Cardiovascular Imaging is licensed to possess the materials you transferred and that the possession limits on their MD license were sufficient to accept the materials (i.e. that they would not exceed an maximum possession for any byproduct material).

We will continue our review upon receipt of the above information. Please send your response to my attention at robert.gallagher@nrc.gov. Should you have any questions you may call me at the telephone number below.
