Dear Program Management, Announcements and Editing Staff:

X Energy, LLC (X-energy) appreciates the opportunity to comment on the Nuclear Regulatory Commission's (NRC) draft NUREG-2159, *Acceptable Standard Format and Content for the Material Control and Accounting Plan Required for Special Nuclear Material of Moderate Strategic Significance* (Reference 1). This document supports the MC&A guidance needs of X-energy as our company seeks to deploy a fuel fabrication facility and advanced reactors that will process and utilize Category II material.

X-energy fully endorses the comments submitted by the Nuclear Energy Institute (NEI) on December 1, 2021, on behalf of NEI's members.

If there are questions or if additional information is required, please contact me at (865) 850-0893 or jwheeler@x-energy.com.

Sincerely,

Jennifer K. Wheeler, P.E.
