Subject: U.S.NRC request for additional information (RAI) questions for Topical Report WCAP-18446-P/WCAP-18446-NP, Revision 0, "Incremental Extension of Burnup limit for Westinghouse and combustion engineering Fuel Designs,"
Date: Wednesday, December 15, 2021 10:56:00 AM

Ms. Camille Zozula
Manager, Infrastructure & Facilities Licensing
Westinghouse Electric Company

Ms. Zozula,

I have placed an electronic version of the request for additional information (RAI) questions for Topical Report WCAP-18446-P/WCAP-18446-NP, Revision 0, "Incremental Extension of Burnup limit for Westinghouse and combustion engineering Fuel Designs," in the box.com folder and have given you access to it. This email serves as the formal transmittal of those RAI questions.

The U.S. Nuclear Regulatory Commission (NRC) staff has not redacted any proprietary information from the RAI questions so the file in the Agencywide Documents Access and Management System (ADAMS) and box.com are marked as proprietary. The RAI questions have also been placed in ADAMS as nonpublic so they can be declared an Official Agency Record.

When responding to the RAI questions, please provide a proprietary and nonproprietary version of both the RAI questions and the responses. Your formal response, provided via letter under authorized signature, will generate the public version of the RAI questions as well as the responses.

Westinghouse provided the following dates for providing RAI responses:

- February 4, 2022, for RAIs 2, 3, 4, 5, 9, 12, 13, 14, 18, 20, 21, 22, 23, 27, 28, 29.
- April 1, 2022, for RAIs 1, 6, 7, 8, 10, 11, 15, 16, 17, 19, 24, 25, 26.

In order to support the NRC staff's review schedule, please provide your responses by the dates indicated above.

If you have any questions or would like to discuss the RAI questions with the NRC staff to ensure you understand them, please let me know.

This email will also go in ADAMS and will be declared public.

If you have any questions, please feel free to contact me at 301-415-3151 or by email at Ekaterina.Lenning@nrc.gov.

Sincerely,
Ekaterina Lenning
Licensing Projects Branch
Division of Operating Reactor Licensing
Office of Nuclear Reactor Regulation
