Good afternoon Mr. Cameron,

I reviewed your letter dated July 21, 2021 and all the attachments provided in your emails dated 7/29/21, 8/5/21, and 9/14/21.

In your communications to the NRC, you provided inspection reports for facilities that use radioactive material for diagnostic and imaging purposes such as Florida license no. 4510-11 and Texas license no. L05207.

Could you please provide a signed and dated letter with an attachment (similar to Appendix A to your 7/21/21 letter) listing all facilities and their radioactive material licenses. You may expand the Appendix A to your 7/21/21 letter to include the information or you may provide a separate document/table. Also, please provide a copy of Florida license no. 4510-11 and Texas license no. L05207.

Please let me know if you have any questions.

Please acknowledge receipt of this email.

Please provide your response by 10/20/21.

Thank you

Magdalena R. Gryglak
