Good morning Mr. Cameron,

I verified information as described in your letters dated 7/21/21 and 9/28/21 pertaining to Agreement State held licenses by Akumin Corp.  
Also, I renewed NRC license no. 47-25570-01 in November 2021.

My understanding is that the transfer of control took place sometime in August 2021.

Please provide a signed and dated letter providing the date of the transfer of control and a document reflecting/attesting to the transaction. Also, please let me know if I need to make any other changes on the license such as name change (as I understand the name of the licensee did not change after the transaction).

You may submit the documents directly to me via email.

Once I obtain the information, I will be issuing the NRC consent and an amendment to the license (tying down the 7/6/21 letter with transferor's commitments) and any other applicable changes.

Thank you

Magdalena
