Re: Turkey Point Unit 3 and Unit 4
Docket Nos. 50-250 and 50-251
Errata Corrections to FPL letter L-2021-043

References:

1. FPL Letter L-2021-043, "2020 Annual Radioactive Effluent Release Report", dated February 23, 2021.

A recent NRC review of the referenced report revealed numerical errors for certain values listed in the tables presented in the annual report.

The purpose of this letter is to provide errata corrections for updating the report pages which contain errata. The errors were mostly generated by rounding off and averaging values, as well as erroneously transcribing values from the calculation documents to the annual report. Reference 1 report pages 11, 12, 20, 23, 26, 32 have been updated.

Attachment 1 provides the updated pages with corrected numerical values highlighted, bolded, and underlined. Additionally, revision bars have been added to indicate the table entries which have been updated

Should there be any questions regarding this information, please contact Robert J. Hess, Licensing Manager at (305) 246-4112.

Sincerely,

A handwritten signature in blue ink, appearing to be 'RJH', is written over a horizontal line that extends to the right.
