**RE: NRC LICENSE**

Carol,

We (Northern Geotechnical Engineering, Inc. *d.b.a.* Terra Firma Testing) have just shipped a Troxler Nuclear Density Gauge back to its manufacture for decommissioning and disposal. The device is a Troxler Nuclear Density Gauge, model #3430, serial # 35132. It has been shipped to the Troxler facility at 3008 Cornwallis Road, Durham, NC 27709 for disposal. We are writing to you to inform you the gauge will no longer be in our possession, and to request it be removed from our materials license.

Our license number is 50-29121-01 and docket number is 030-34741.

Sincerely,

Northern Geotechnical Engineering, Inc. *d.b.a.* Terra Firma Testing

Ron J.P. Caron, C.E.T.

Radiation Safety Officer

I'm sending this on behalf of our company RSO, Ron Caron. It is in regards to decommissioning on of our Troxler Nuclear Densometers, and having it removed from our materials license, the details of which are in the attached statement. Thank you for your help in this matter, I hope you have a wonderful holiday season!
