**Subject:** [External\_Sender] Point Beach License

I am writing to support the extension of the operating license for the Point Beach nuclear plant. The record since the current owners took over the plant has been much improved over the previous owners. Thus I believe that they are capable of operating the plant safely.

I support their operation because of the dire situation with climate change. It is my hope that continued operation of this plant will help speed the closure of coal fired plants, and reduce the. operating time of natural gas and other fossil fueled generation. There is no more important issue facing the utility industry in my opinion.

Thank you.

Sincerely,

**David H. Verhagen**
