

UNITED STATES
NUCLEAR REGULATORY COMMISSION
REGION III
2443 WARRENVILLE ROAD, SUITE 210
LISLE, ILLINOIS 60532-4352

January 21, 2022

Mr. Terry Brown
Site Vice President
Energy Harbor Nuclear Corp.
Davis-Besse Nuclear Power Station
5501 N. State Rte. 2, Mail Stop A-DB-3080
Oak Harbor, OH 43449-9760

SUBJECT: DAVIS-BESSE NUCLEAR POWER STATION, NOTICE OF REGULATORY
CONFERENCE

Dear Mr. Brown:

This letter confirms our plans, as discussed between members of our staffs, to hold a Regulatory Conference to discuss a preliminary Greater-than-Green finding associated with the emergency diesel generator field flash selector switch. The details regarding the issue were conveyed to you in our Special Inspection Reactive Report 05000346/2021050. The meeting is scheduled for Tuesday, February 1, 2022, from 9:00 a.m. to 2:00 p.m. (CDT), at the U.S. Nuclear Regulatory Commission, Region III Office, Main Conference Room, 2443 Warrenville Road, Suite 210, Lisle, IL 60532. This meeting is open to the public. The public is invited to observe this meeting, via teleconference only, and will have opportunities to communicate with the NRC after the business portion, but before the meeting is adjourned.

The Regulatory Conference is being held to obtain information to assist the NRC in determining the significance of the finding and apparent violation detailed in the referenced inspection report. The Conference will provide an opportunity for you to provide your perspective on the facts and assumptions used by the NRC to arrive at the finding, your assessment of the significance of the finding, and any other information that you believe the NRC should take into consideration in making an enforcement decision.

The NRC would appreciate receiving any supporting documents by no later than Tuesday, January 25, 2022, in order to make the Conference more effective and efficient.

Following the Conference, you will be advised by separate correspondence of the results of our deliberations on this matter.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

If you have any questions regarding this meeting, please contact Richard Skokowski at 630-829-9833.

Sincerely,

A handwritten signature in dark ink, appearing to read "D Curtis", is positioned to the left of the typed name and date.

Signed by Curtis, David
on 01/21/22

David Curtis, Deputy Division Director
Division of Reactor Safety
