SUBJECT: ACCEPTANCE REVIEW DISCONTINUATION OF AMENDMENT REQUEST
DATED NOVEMBER 23, 2021 FOR THE COMMUNITY HOSPITAL, NRC
LICENSE NO. 13-15882-01

Dear Mr. Kar:

This letter is to acknowledge receipt of your license amendment request dated November 23, 2021, requesting authorization for Navdeep Bhatti, M.D. to be an authorized user for 10 CFR 35.200 material. An initial processing of your request, which included an acceptance review, has been performed, and we found that the licensing amendment is lacking in significant amounts of required information. The information your licensing amendment did not provide is listed in the Enclosure.

The NRC staff has reviewed your licensing amendment and concluded that it did not provide technical information in sufficient detail to enable the staff to complete its detailed review and make an independent assessment regarding the acceptability of the proposed licensing amendment in terms of regulatory requirements and the protection of public health, safety, and the environment. With incomplete documents and the unavailability of adequate information, the NRC staff is unable to begin its detailed safety evaluation of the licensing amendment in its entirety. This determination to not accept your licensing amendment for review is made without prejudice; you may supplement your licensing amendment and resubmit if you desire. If you decide to resubmit your licensing amendment, please ensure that you have included the entire licensing amendment with the missing information needed, as noted in the Enclosure, to allow the NRC staff to evaluate your licensing amendment.

If you have any questions, please contact me at 630-829-9623 or frank.tran@nrc.gov.

In accordance with Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide

Documents Access and Management System (ADAMS), accessible from the NRC Web site at <https://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

Frank P. D. Tran
Health Physicist
