Docket No. 72-041

Subject: Holtec Proprietary Information to Support SCE Exemption

Reference: [1] Letter from A. M. Snyder (NRC) to A. Bates (SCE) dated January 26, 2022;
Subject: San Onofre Nuclear Generating Station, Application Acceptance Review
Request for Supplemental Information: Proposed Exemption from Title 10 of the
Code of Federal Regulations Section 72.106(b), Independent Spent Fuel
Installation Controlled Area Boundary (ADAMS Accession No. ML22018A313)

Dear Sir or Madam:

In reference [1], the NRC staff requested supplemental information to support the review of a Southern California Edison (SCE) request for NRC approval of an exemption to 10 CFR 72.106(b). Some of the information requested is Holtec International proprietary information. Therefore, this letter provides that information as Attachments 1 and 2, and includes an affidavit requesting that information be withheld from public disclosure as Attachment 3.

Sincerely,

Kimberly Manzione
Licensing Manager
Holtec International
