On January 25, 2022, the U.S. Nuclear Regulatory Commission (NRC) staff held a virtual Informational Meeting with a Question-and-Answer Session with the public. The purpose of the meeting was to discuss the draft Regulatory Issue Summary (RIS) on operational leakage which is available for public comment under *Federal Register* Document 2022-00686, Citation: 87 *FR* 2361. The meeting notice and agenda, dated January 11, 2022, are available in the NRC's Agencywide Documents Access and Management System (ADAMS) under Accession No. ML22018A082.
