**Subject:** Acknowledgement of your 30-day Written Report on a missing Co-57 source

Dear Kimberley,

Thank you for your January 3, 2022, written report notifying the NRC Region III office of the loss of a Co-57 source. Your written report was provided in follow up to your telephone notification on December 16, 2021. We have reviewed your report of this missing source and have no further questions at this time. No response to this email is required. This matter will be reviewed during a future inspection.

In accordance with Title 10 of the Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this email will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Please feel free to contact me if you have any questions regarding this inspection. I can be reached at 630-829-9867.

Best Regards,

Debbie Piskura

Hi Deborah!

Thank you for the email follow up on the lost source. I had the report sent via FedEx overnight

mail on January 6, 2021. I am not sure why it was not received although the address you provided in your email is slightly different than the one I had in my request below to have the letter sent out--so maybe that is the reason? I really appreciate you following up on this. I have forwarded the letter to you in this email and I will also FedEx again to the address you stated:

Region 3 Office  
Attn: Materials Inspection Branch  
2443 Warrenville Road  
Lisle, IL 60532

The source is still lost. The incident and corrective actions was discussed at our last radiation safety meeting.

Thank you,  
Kimberly
