United States Nuclear Regulatory Commission

ATTN: Kevin Williams

Director, Division of Materials Safety, Security, State, and Tribal Programs

Office of Nuclear Material Safety and Safeguards

Washington, D.C. 20555-001

Dear Mr. Williams,

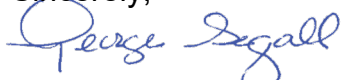

This letter is confirmation that the American Board of Nuclear Medicine (ABNM) continues to satisfy the U.S. Nuclear Regulatory Commission (NRC) recognition criteria for specialty board certification process. Below, please find the response to items requested to confirm in your letter dated March 15, 2022:

1. Confirm the specialty board's current name:
 - i. American Board of Nuclear Medicine (ABNM)
2. Confirm the name of the specialty certification(s) or certificates:
 - i. Nuclear Medicine
3. Confirm that the specialty board still satisfies the board recognition criteria in:
 - i. 10 CFR 35.190, "Training for uptake, diution, and exrection studies."
 - ii. 10 CFR 35.290, "Training for imaging and localization studies."
 - iii. 10 CFR 35.390, "Training for use of unsealed byproduct material for which a written directive is required."
 1. The Nuclear Medicine Program Director must verify that the physician has successfully completed the training and experience requirements of the Nuclear Regulatory Commission as described in parts 10 CFR 35.190, 10 CFR 35.290 and 10 CFR 35.390, and complete an "[Evaluation of Clinical Competence Form](#)." A physician will not be eligible for ABNM certification without a Program Director's verification of training and clinical competence.

4. Confirm that there have been no changes in the board's certification procedures that could affect the recognition status.
 - i. There have been no changes in the board's certification procedures that could affect the recognition status.
5. Confirm that the enclosed certificate is current.
 - i. The enclosed certificate is current.

If any additional confirmation is needed, please feel free to contact the ABNM via email at abnm@abnm.org.

Sincerely,

George Segall, MD
Executive Director

Enclosure: ABNM Nuclear Medicine Certificate
