SUBJECT: RESPONSE TO NRC INSPECTION REPORT 030-38558/2021-001 AND NOTICE  
OF VIOLATION

Dear Mr. Teeters:

On January 18, 2022, the U.S. Nuclear Regulatory Commission (NRC) cited Shaw Pipeline Services, Inc., for two violations as described in NRC Inspection Report 030-38558/2021-001 and Notice of Violation (Notice), found at the NRC's Agencywide Documents Access and Management System Accession Number [ML22014A416](#). The Notice required you to respond in writing to the NRC within 30 days. In a letter dated March 9, 2022, you provided your response to the Notice of Violation. Your response included Security-Related Information and will not be made available to the public.

After reviewing the information provided in your response to the Notice, we have concluded that your proposed actions appear to adequately address the regulatory non-compliances described in the Notice for Violations. We will review your implementation of these corrective actions during a future inspection to determine whether full compliance has been restored and whether compliance will be maintained.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedures," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's ADAMS, accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Your cooperation with us is appreciated.

Sincerely,
