

March 17, 2022

Director of FSMA
Attn: GLTS
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

SUBJECT: Notification of Proper Disposal of Tritium Exit Signs

The intent of this letter is to serve as notification that the tritium exit signs listed on the attached documents have been shipped to SRB Technologies, Inc. (NC Radioactive Materials License # 034-0534-2) for proper disposal.

These signs were originally installed at:

Allnex USA, Inc.
131 Revco Road
North Augusta, SC 29842

If you have any questions or require further information, please contact me at (803) 819-4036 or by email at jeff.hallman@allnex.com.

Sincerely,

Jeff Hallman
SHE Manager
Allnex USA Inc.

Certificate of Recycling

Lighting Resources, LLC, Certifies that the materials listed below have been received for recycling from:

Allnex.
131 Revco Road
BEECH ISLAND, SC 29842

Recycle Kit Information	
Unique Container:	579147
Return Tracking #:	9612018086009001827999
SKU of Recycling Kit:	01TS
Type of Recycling Kit:	Single Sided Tritium Exit Signs - Prepaid Recycling Kit * Price Per Sign
Date Shipped:	02/24/2022
Date Received:	02/28/2022
Delivery Street:	
Delivery City:	Winston-Salem
Delivery State:	NC
Processing Facility:	Lighting Resources, LLC
Weight:	20.2LB

Mercury containing lamps are de-manufactured and processed in accordance with all local, state, and federal regulations per 40cfr273. The mercury containing phosphorous powder will be retorted and separated into non-RCRA hazardous phosphorous powder, elementary mercury, and managed commodities. Mercury containing devices/articles are de-manufactured and processed in accordance with all local, state, and federal regulations per 40cfr273. Batteries are reduced and processed in accordance with all local, state, and federal regulations per 40cfr273. Electronic scrap, non-PCB ballasts, capacitors and transformers are sent to an electronics parts specialized recycler of our choice for proper de-manufacturing, processing and recovery, and recycling. Tritium exit signs are de-manufactured and processed in accordance with all local, state, and federal regulations per 10cfr32. Smoke detectors are de-manufactured and processed in accordance with all local, state, and federal regulations per 10cfr32. Weight is the shipping weight for the recycle kit. Generators are responsible to follow instructions to properly package and identify all wastes to ensure only the correct wastes are placed in specific recycle kits.
