Mr. Lewis, Mr. Reeves, Mr. Jones:

**This e-mail serves to transmit a request for information to support and prepare for the Emergency Preparedness (EP) Program inspection at Grand Gulf Nuclear Station scheduled to occur the week of June 20, 2022.**

By design, the biennial EP Program inspection includes the use of Inspection Procedures (IP) 71114.02, 71114.03, 71114.04, 71114.05 and 71151, to assess the overall health and maintenance of the station's EP program. Details of the requested materials are included in the attachment to this e-mail. If possible, please make the requested materials available to me in electronic format using the online document portal of the station's choice, by the dates stated within the attachment. If you are unable to complete the request by this date, please contact me at the phone number listed below to discuss alternative options.

This letter/e-mail does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). Existing information collection requirements were approved by the Office of Management and Budget under control number 3150-0011. The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid Office of Management and Budget control number.

This email and its enclosures will be made available for public inspection and copying at <http://www.nrc.gov/reading-rm/adams.html> and at the NRC Public Document Room in accordance with 10 CFR 2.390, "Public Inspections, Exemptions, Requests for Withholding."
