Good evening John,

This email formally acknowledges receipt of the letter from Calumet Testing Services received on April 22, 2022, in response to the U.S. Nuclear Regulatory Commission's (NRC's) letter dated March 31, 2022, transmitting a Notice of Violation. In this letter, you identified the corrective actions that your company has taken and plans to take to address the cited violations.

The NRC has reviewed your corrective actions, which appear to be adequate, and has no further questions at this time. The effectiveness of these corrective actions will be examined during a future inspection.

In accordance with the NRC's "Rules of Practice" in Title 10 of the *Code of Federal Regulations* Section 2.390, a copy of this correspondence will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.

Please feel free to contact me if you have any questions. Thank you!
