Yes, I will do that as soon as possible.

I just returned to the office from being on leave so, as you can imagine, the demands to get things done are quite high right now.

Mahalo for following up!

Hi Nancy,

I spoke to Janine, and she said that you all are no longer performing the work you submitted an amendment request for back in December, regarding the portable gauges. If this is true, is your intent to withdraw that amendment request? If it is, could you please send me a signed and dated letter stating that you would like to withdraw the request?

Thanks very much,
