SUBJECT: ACKNOWLEDGEMENT OF AVAILABILITY FOR PREDECISIONAL  
ENFORCEMENT CONFERENCE ON JUNE 13, 2022 - TESTING ENGINEERS &  
CONSULTANTS, INC.

Dear Mr. Ramos:

The purpose of this letter is to acknowledge receipt of your email dated May 5, 2022, confirming your availability for the Predecisional Enforcement Conference (PEC) for the morning of June 13, 2022. This meeting will be held at the U.S. Nuclear Regulatory Commission (NRC) Region III office in Lisle, Illinois. It will be open to remote public observation via Microsoft Teams and via a telephone bridge, and members of the public will be given time to question NRC staff after the business portion of the meeting.

We request that you send by Wednesday, June 8, 2022, via email to me or Deborah Piskura, a PDF version of any slides that you plan to show at the PEC. In addition, please provide the names and titles of all attendees from your company by telephone or email to me or Deborah Piskura so that NRC staff can coordinate with the Region III Office security staff. Deborah Piskura can be contacted at [Deborah.Piskura@nrc.gov](mailto:Deborah.Piskura@nrc.gov) or 630-829-9867. I can be contacted at [Michael.Kunowski@nrc.gov](mailto:Michael.Kunowski@nrc.gov) or 630-829-9618.

Each attendee from your company will need to show a driver's license or other government ID on arrival to enter the Region III office. Because of the Public Health Emergency, each attendee will also need to show their vaccination status or a negative COVID-19 test taken within three days of the PEC and provide a statement that they are not feeling unwell that day.

In accordance with Title 10 of the Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this acknowledgement letter will be made available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/readingrm/adams.html>.

R. Ramos
