Idaho Falls, ID 83401

RE: NOTICE OF RECIPROCAL RECOGNITION OF LICENSE FOR USE IN UTAH
NRC Radioactive Material License Number 11-35127-01, Amendment 7
Service Work

Dear Mr. Clawson:

In accordance with Technical Resources Group, Inc.'s request dated April 25, 2022 (payment received April 28, 2022) and R313-19-30 of the Utah Administrative Code, the licensee is hereby authorized to use radioactive materials at the temporary job sites you have specified, provided the job sites are not in areas under exclusive Federal jurisdiction. The use of radioactive materials must be conducted in accordance with the representations in Technical Resources Group, Inc.'s letter, Utah and Radiation Control Rules and Technical Resources Group, Inc.'s NRC radioactive material license. Following this authorization, at least three days written notification is required before engaging in any licensed activity within the State of Utah. Permission may be granted by the Director to proceed sooner in the case of undue hardship.

The Licensee should notify this office in a timely manner of any change to the information provided in the initial reciprocity request. This authorization is not effective after December 31, 2022 or 180 possession days in a calendar year, whichever occurs earlier.

If you have any questions, please call Alyssa Stringham at (801) 536-4002 or contact the Division by email at dwmrcreciprocity@utah.gov.

Sincerely,

Phil Goble, Uranium Mills and Radioactive Materials Manager
Division of Waste Management and Radiation Control
